# Introductory

The present volume for the year 1936 is the fifty-eighth edition of Henderson's Directory of Winnipeg the first being published in 1878

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is located on pages 205 to 218 and contains data concerning City, Provincial and Federal Government offices, commercial organizations and military organizations.

THE STREET AND AVENUE GUIDE gives the names of all streets and avenues arranged alphabetically, showing the location, number on the street and name of the occupant. The intersecting streets are shown in the order that they come.

The BUYERS GUIDE occupies pages 1 to 36. This section of the Directory printed on colored paper, includes numerous advertisements of the leading manufacturing business and professional firms. A careful perusal of these advertisements will prove many interesting phases of the city's activities. They are not display advertisements, primarily, however but rather are reference advertising at its best. The need for this kind of information found yearly by every great and ever increasing appreciation of this need is evidenced by the liberal patronage the City Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations cover pages 513 to 1248.

THE CLASSIFIED BUSINESS DIRECTORY commences at page 1249 and exhibits the various manufacturing, mercantile and professional names compiled under headings appropriate to the class of industry or profession followed.

### ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial centre and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country the publishers every year send copies of this issue of the directory in the directory libraries where they are readily available for reference use by the public. There they serve as perpetual advertisements of Winnipeg, for business men the country over realize that the City Directory represents the community as it really is.

### POPULATION GREATER WINNIPEG 308, 475

The Directory estimate of population is based on the actual number of individuals names in the Alphabetical section of the Directory, with due allowance for children and for women whose names are not listed. The Winnipeg Directory covers considerable territory beyond but tributary to the city limits, which is canvassed in order that the names of all people employed or who purchase in Winnipeg may be obtained

Respectfully, The Publishers.

In the exhibit of the work of the Eskimos, there are numerous examples of their ability in carving and manufacturing articles from ivory to meet their needs and fancies. Among the many interesting objects are an Eskimo Kayak (or canoe) made from sealskin, with the

bar removed stretched when green, some particularly fine examples of the decorative work of the Plains Indians, fancy work of quillwork with porcupine quills, moccasins, bark trays, buffalo robes, horse trappings, etc. Also the Mackenzie River Indians, Eskimos, Pacific Coast Indian drum made of cedar wood in the form of a large box. This drum was beaten with the fist and is believed to have been the last of its kind at Bella Coola.

ship of the Hudson's Bay Company's fleet and also a model of the famous "S. S. Nonsuch" commanded by the Honourable Lord Charles Beresford on the voyage of exploration in the Hudson Bay in the year 1884, which opened up the Canadian West to settlement.

This Exhibit was opened in June 1932, and the work of rounding out the collection goes on constantly. Each season the Company's men find items of interest on the sites of the old posts, while friends of the Company continue to make loans to this unique museum.

## Abbreviations of Given Names

# Henderson's
# Winnipeg
# Streets and Avenues
# 1936

In this section is presented in condensed form the information to be found in the Alphabetical Directory

**AVENUES** all run East and West and are numbered under 200 East of Main Street, Main to Princess 300 to 500, West of Princess 500 and upwards.

**STREETS** running North and South are numbered from the Assiniboine River as a base Northwards, and from Notre Dame as a base Northwards.

The word "street" is always implied.

**NOTICE**

The Symbol following the residence name, indicates that to the best of our knowledge someone living in the house is the owner.

This Symbol indicates that a telephone is located at this number on the street.

The new Home Owners, Tenants and Phone Directory is compiled from information taken on a special house-to-house canvass. We do not guarantee to be absolutely correct in every detail, but we believe it to be as nearly correct and complete as far as it has been possible for us to get the information personally from someone in residence. Where occupants have been absent the "owner" information has been left out
